The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Project INSIGHT: Intelligence-led Safety & Geographic Hotspot Targeting in Fiscal Year 2027. The entity to receive funding for this project is the University of Maryland, College Park, located at 3112 Lee Building 7809 Regents Dr College Park, MD 20742. The funding would be used to help the state of Maryland more effectively prevent, detect, and respond to crime and violence through innovative data analytics. The project is an appropriate use of taxpayer funds because it builds capacity for data-driven crime prevention and cross-jurisdictional collaboration through technical training and actionable strategies.

The project has a federal nexus because the funding provided is for purposes described in section 501 of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10152).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Glenn F. Ivey
Member of Congress
